The Star of the Show

Cielux's Track Lighting brings high performance at a lower cost

Multi-Purpose Magic

Cielux LED lights bring broadcast-quality lighting to both high-end studios and smaller, multipurpose production spaces. Their Track Lighting transforms a room into a functional & professional studio with tunable color temperature, tunable green-magenta hue, and 90W power draw all in a compact and elegant fixture.

Maximum Innovation Minimal Cost

For these smaller, low-ceilinged spaces, typical in corporate conference rooms, podcast studios, and houses of worship, the Cielux DMX track lighting system offers an innovative, cost-efficient solution.
