

Performance Lighting Systems

Feed the hungry.

Zoom Training + Performance Lighting Systems = Food for You and Food for the Hungry

Spend 15-20 minutes with your favorite lighting rep learning about new products and reward yourself and others with a meal. Performance Lighting is teaming up with local food bank's to supply meals for the hungry as well as GrubHub to feed you.

Here's how it works: Log into a Zoom meeting with Performance Lighting. PLS will automatically make a donation to a local food bank in your area for each attendee. In addition, we are offering a \$20 Grub Hub gift card for those that are interested. Just send an email to your rep with 'Gift Card' in the subject line after the presentation.

The following food bank's are who we will be partnering with:

Inland Empire | [Feeding America](#)

\$1 = 8 meals

Los Angeles | [LA Food Bank](#)

\$1 = 4 meals

Orange County | [Second Harvest Food Bank](#)

\$1 = 3 meals

If you have any questions, reach out to your local representative for more information.
